

Global Nutrition Report Independent Expert Group

Declaration of Interests

Since its inception in 2014, the Global Nutrition Report has been funded by multiple public and private donor institutions¹, with no single funder having the ability to influence the content and analysis contained in the report. To further protect the independence of this content, all members of the Independent Expert Group (IEG) are required to declare any current financial, professional or other interest that may influence their ability to be impartial when serving on the IEG. This includes any interest that may affect, or may reasonably be perceived to affect, your objectivity and independence. For example, the organisation you work for, or organisations for whom you consult, may be perceived to affect your partiality since you have a financial relationship with them. Being a member of an advisory group or board may have the same affect. Since these interests may, even if unconsciously, influence your perspectives when serving on the IEG, they should be declared. Please be sure to declare all current financial and non-financial relationships with the private sector, even if short term.

Interest
