Declaration of Interest Summary – GNR Independent Expert Group

Chair: Dr Renata Micha

Duration: 15 April 2018 to 15 April 2021

Current:  
Dr Micha reports research funding from the US National Institutes of Health to evaluate the cost-effectiveness of nutrition policies in the US. Dr Micha also reports research funding from the Bill & Melinda Gates Foundation to support the development of the Global Dietary Database, and specifically efforts to harmonise dietary datasets worldwide.

Past:  
Dr Micha received research funding from Nestlé to evaluate indices for assessing carbohydrate quality among carbohydrate-rich products in the US. She also received research funding from the US National Institutes of Health and Danone to develop a comprehensive and evidence-based nutrient profiling system.

The above funding agencies did not contribute to design or conduct of the research; collection, management, analysis, or interpretation of the data; preparation, review, or approval of any resulting manuscripts; or decision to submit any given manuscript for publication.
