Introduction

This document includes seven examples of a completed registration form, presenting different types of commitments made by different stakeholder groups. The classification of the commitment type (i.e., financial, policy, programmatic, impact) corresponds to those identified in the N4G commitment-making guide.

The aim of this document is to help commitment-makers understand what kind of information is required in each field of the commitment registration platform and how to fill them in properly. It is encouraged and advised that commitment-makers review all examples, irrespective of relevance based on title, to identify how the response is adjusted in each question on a case-by-case basis.

Register a commitment with the Nutrition Accountability Framework

Thank you for your SMART commitment to step up the efforts on ending malnutrition in all its forms.

- ✓ This form is intended to facilitate the registration of SMART (Specific, Measurable, Achievable, Relevant, Time-bound) nutrition commitments, including for the Nutrition for Growth (N4G) Summit.
- ✓ Each commitment constitutes a separate submission. Once you submit your first commitment you will have the option to register additional ones.
- ✓ **For the Tokyo N4G Summit, commitments are encouraged to be registered by 31 October 2021** and the summit will be the hard deadline for registering commitments for the Nutrition Year of Action. If you submit your commitment by 31 October, the Global Nutrition Report (GNR) will be able to perform a basic level of verification. For those registered after 31 October, no verification will be performed in time for the summit and so commitments registered after 31 October may not be featured in the summit. All commitments registered between December 2020 and 8 December 2021 will be included in the Compact (Annex).
- ✓ The platform will remain open for stakeholders to make nutrition commitments at any point, but it will not be linked to the Nutrition Year of Action or the Tokyo N4G summit.
- ✓ **The form should be completed in English.** If that is not possible, please contact us. Over time we will aim to support the registration of commitments in multiple languages.
- ✓ Compulsory fields are indicated with an asterisk (*).
- ✓ Once you start filling in the form, you may save your progress and come back at any time to continue and submit it.
- ✓ If you wish to download the registration form to see the information required in advance, please click here. The PDF form is for your own use only; **the registration of your commitment(s) is valid only if you complete and submit the online registration form.**
- ✓ Commitments will be publicly shared by the Global Nutrition Report, which will be tracking commitments and reporting on progress annually.

Please contact NAF@globalnutritionreport.org with any questions relating to the form or the registration process.

Example 1: Nutrition commitment by country government

This example captures a commitment with one programmatic goal made by a country government.

Formulation of commitment

*Q1. Please provide a brief title for this commitment (*max 40 characters*).

Health worker nutrition training

*Q2. Please provide the full formulation of your commitment. You may provide all details relevant to your commitment.

The government of [Country] commits that by 2028, all health workers in the country will be properly trained on the integrated delivery of nutrition interventions across the life-course through receiving integrated, supportive supervision mentoring that builds capacity to deliver these interventions.

*Q3. Please specify the global nutrition target(s) this commitment aligns with (*select all that apply*):

- | | |
|--|--|
| <input checked="" type="checkbox"/> Reduce prevalence of anaemia among women of reproductive age | <input checked="" type="checkbox"/> Halt the rise in prevalence of adult obesity |
| <input checked="" type="checkbox"/> Reduce prevalence of low birthweight | <input checked="" type="checkbox"/> Halt the rise in prevalence of adult diabetes |
| <input checked="" type="checkbox"/> Increase prevalence of exclusive breastfeeding in the first 6 months | <input checked="" type="checkbox"/> Reduce the prevalence of raised blood pressure |
| <input checked="" type="checkbox"/> Reduce prevalence of stunting in children under 5 years of age | <input checked="" type="checkbox"/> Reduce the mean population intake of salt |
| <input checked="" type="checkbox"/> Reduce prevalence of wasting in children under 5 years of age | <input type="checkbox"/> None |
| <input checked="" type="checkbox"/> Reduce prevalence of overweight in children under 5 years of age | |

[The global nutrition targets listed here refer to the maternal, infant and young child nutrition targets and the diet-related NCD targets that were endorsed by the World Health Assembly (WHA) in 2012 and 2013 respectively.]

Q4. Please feel free to attach any resources that you consider relevant to your commitment.

[You may attach up to 1GB worth of documents in the following formats: pdf, doc, docx, xls,xlsx, csv, txt, rtf, html, zip, mp3, wma, mpg, flv, avi, jpg, jpeg, png, gif.]

*Q5. Is this commitment made by multiple stakeholders (that is, a joint commitment)?

- Yes No (*move to question Q6*)

Q5a. How many additional organisations are involved in making this commitment?

[The online platform can support the reporting of up to five additional organisations. If more than five, please contact NAF@globalnutritionreport.org.]

Number of additional organisations _____

*Q5b. Please provide the stakeholder type and name of each additional organisation (*you may list up to five additional organisations*).

Additional organisation 1	_____	_____
	<i>Stakeholder type of additional organisation</i>	<i>Name of additional organisation</i>
Additional organisation 2	_____	_____
	<i>Stakeholder type of additional organisation</i>	<i>Name of additional organisation</i>
Additional organisation 3	_____	_____

***Q6. Please confirm that your commitment meets all three criteria below (all should be met to qualify as a nutrition commitment):**

- Your commitment is SMART (Specific, Measurable, Achievable, Relevant, Time-bound)
- Progress towards your commitment will be reported annually to the Global Nutrition Report (GNR)
- You commit to work with the GNR post-registration to provide any clarifications required regarding your commitment

[The SMART criterion will be verified by the GNR based on the information provided in the compulsory fields of the form.]

Links with key pledging moments

***Q7. Please specify whether your commitment is linked to a key event (select all that apply):**

- 2021 Tokyo N4G summit (if not selected, go to Q11)
- 2021 UN Food Systems summit
- 2021 UN Climate Change conference (COP26)
- Other event. Please specify _____
- No event

***Q8. Please confirm that your commitment meets all the additional criteria below to qualify as an N4G commitment:**

- Aligns with national priorities
- Aligns with the N4G Principles for Engagement

[For details on the additional criteria, please refer to the [N4G Commitment-Making Guide](#).]

***Q9. Please choose the thematic area of your commitment (select all that apply):**

- Health
- Food
- Resilience
- Data
- Financing

[For definitions and examples, please refer to the [N4G Commitment-Making Guide](#).]

Commitment costs

***Q10. Have you estimated the total costs associated with the delivery of this commitment?**

- Yes, and willing to publicly disclose the amount
- Yes, and willing to disclose the amount only to the GNR for aggregate analysis and reporting (no public disclosure)
- Yes, but not willing to disclose the amount neither publicly nor to the GNR – confidential (move to Q11)
- No, the amount has not been estimated – unknown (move to Q11)

[Total costs refer to the estimated costs to implement the commitment, such as human resources, equipment, facilities. For financial commitments, the amount corresponds to the total committed funds (e.g., if both nutrition-specific and nutrition-sensitive financial resources are being committed, the total costs correspond to the sum of the two).]

***Q10a. Please specify the estimated total costs in local currency. We understand that this may be a rough estimate for now, which may change at the progress reporting stage.**

Currency USD Amount 300000

*** Q11. Please list the funder(s) and the funding mechanism to cover total costs, further specifying if these financial resources have been secured.**

Name of funder(s). Please do not omit listing funding organisations which will make their own financial commitments. This will help us identify the dependencies between commitments.

[Name of donor organisation]

Funding mechanism, such as private, public, self or anything else as appropriate.

Private funding

Secured financial resources either as amount or as percentage (%) of total costs or even as a broad estimate (for example, total costs are partially/ fully secured).

60% of total costs have been secured

Measurable goals of the commitment

***Q12. Your commitment may have one or multiple measurable goals. A measurable goal is what you are committing to achieve and will be used to track and assess progress made towards the commitment. Please specify how many measurable goal(s) this commitment has.**

Number of measurable goals 1

[The online platform can support the reporting of up to 10 goals per commitment. If more than 10 goals, please contact NAF@globalnutritionreport.org.

The measurable goals should be nutrition-related goals, including nutrition-specific and nutrition-sensitive ones. Each nutrition-specific and/or nutrition-sensitive goal should be listed separately to facilitate tracking and reporting. Some examples of measurable goals are:

- *Reduce stunting in children under 5 years of age*
- *Reduce anaemia in women of reproductive age*
- *Expand network by [number] countries*
- *Design a national nutrition action plan*
- *Invest [amount] on nutrition-specific interventions and in particular in [sectors]. [If the sectors are not known at this point, you will be asked to report on these during the progress assessment of the commitment.]*
- *Invest [amount] on nutrition-sensitive interventions and in particular in [sectors]. [If the sectors are not known at this point, you will be asked to report on these during the progress assessment of the commitment.]*
- *Establish a regulatory body for nutrition*
- *Increase the national budget dedicated to nutrition.]*

***Q13. Please specify each of the measurable goal(s) of this commitment. In the questions that follow, we will ask you to provide additional details for each of the goals separately.**

Health workers are properly trained on the integrated delivery of nutrition interventions across the life

Goal 1 **course.**

Goal 2

Goal 3

Goal 4

Goal 5

Goal 6

Goal 7

Goal 8

Goal 9

Goal 10

Additional details of [goal]

This section will need to be completed as many times as the goals listed in Q12, that is for each goal listed in Q13 separately. For example, if your commitment has 3 measurable goals, you will need to complete questions G1.1–G1.10 three times.

***G1.1. Please choose the type that best describes this commitment goal.**

Financial (move to question G1.3) Policy Programmatic Impact

[For examples on each of the four commitment types, please refer to the [N4G Commitment-Making Guide](#).]

G1.2. Please describe as clearly as possible the action plan you will follow to achieve this commitment goal (max 400 words).

Health workers in [Country] will receive integrated, supportive supervision and mentoring that builds capacity to deliver nutrition interventions across the life course, and they will receive the relevant certificate after written exams.

***G1.3. Please specify if you are expected to report on the progress of this commitment goal to an additional – other than the GNR – tracking/accountability mechanism:**

Yes. Please specify _____

No

[Examples of other tracking/accountability mechanisms include Organisation for Economic Co-operation and Development (OECD) for financial commitments and Access to Nutrition Initiative (ATNI) for private sector food business.]

***G1.4. Please specify the geographic area that is covered by this commitment goal.**

Global

Multi-country (e.g., Southeast Asia, Western Africa)

National

Sub-national (country regions/states)

Local (e.g., city)

***G1.5. Additional specifications about the geographic coverage of this commitment goal, for example names of geographic areas covered or if focused on geographic areas with a given characteristic (such as high prevalence of a given form of malnutrition, or low income).**

None

***G1.6. Please specify the targeted population of this commitment goal.**

Overall population (all ages, both sexes) (move to question G1.6c)

Specific population group(s)

No population group is targeted (move to question G1.7)

[For private sector food businesses, whose products refer to all consumers (not specific population groups) please select 'Overall population'. If the products refer to consumers of a specific population group (e.g., children, pregnant women), please select 'Specific population group(s)'.]

***G1.6a. Sex** All Only girls/women Only boys/men

***G1.6b. Age range** All ages Specific age group(s). Please specify All health workers aged 18-50 years

G1.6c. Population coverage – individuals targeted in absolute numbers and/or expressed as a percentage (%) of the overall population (e.g., 1 million individuals, which corresponds to 5% of the overall country population).

Number of targeted individuals 30,000 and/or % of the overall population _____

G1.6d. Please specify whether the approach you will adopt to reach the population of interest varies by key population characteristics, for example by age, gender, income, location, ethnicity, education or disability.

Yes. Please specify _____

No

***G1.7. Please specify the start date and end date for achieving this commitment goal.**

Start date (MM/YYYY) 03/2022

End date (MM/YYYY) 06/2028

G1.8. Please provide the following information for the primary indicator that will be used to measure this commitment goal, and to assess and report on its progress.

***G1.8a. Name, including unit (if applicable)**

Number of health workers with a certificate of training

[For example:

- Prevalence (%) of stunted children under 5 years of age
- Prevalence (%) of women of reproductive age with anaemia
- Annual US\$ disbursement
- Establishment of a nutrition committee
- Number of children treated for malnutrition.]

***G1.8b. Baseline (current) level and unit**

0 individuals

***G1.8c. Year baseline level was assessed**

2021

[If the survey spans over a 2-year (or more) period, please indicate the earliest year.]

***G1.8d. Level to be achieved by end date**

30,000 individuals

***G1.8e. Interim milestone(s) to be achieved within the commitment period. Please specify interim level and date to be achieved**

e.g., 17% by 2025

***G1.8f. Monitoring and evaluation plan of indicator, including frequency (max 100 words)**

National tracking system of health workers with a registered certificate of training.

***G1.9. (To be completed only for financial commitments) Is it a financial disbursement (that is, actual expenditure) or a financial commitment (that is, legal decision to fund)?**

Financial disbursement

Financial commitment

G1.10. Please let us know if this commitment goal was developed to address nutrition impacts related to Covid-19.

Yes

No

[This is not a qualifying criterion or a requirement for registering the commitment with the N4G summit.]

***Q6. Please confirm that your commitment meets all three criteria below (all should be met to qualify as a nutrition commitment):**

- Your commitment is SMART (Specific, Measurable, Achievable, Relevant, Time-bound)
- Progress towards your commitment will be reported annually to the Global Nutrition Report (GNR)
- You commit to work with the GNR post-registration to provide any clarifications required regarding your commitment

Links with key pledging moments

***Q7. Please specify whether your commitment is linked to a key event (select all that apply):**

- 2021 Tokyo N4G summit (If not selected, go to Q11)
- 2021 UN Food Systems summit
- 2021 UN Climate Change conference (COP26)
- Other event. Please specify _____
- No event

***Q8. Please confirm that your commitment meets all the additional criteria below to qualify as an N4G commitment (for details on these criteria please refer to the N4G Commitment-Making Guide):**

- Aligns with national priorities
- Aligns with the N4G Principles for Engagement

***Q9. Please choose the thematic area of your commitment (select all that apply; for definitions and examples please refer to the N4G Commitment-Making Guide):**

- Health
- Food
- Resilience
- Data
- Financing

Commitment costs

***Q10. Have you estimated the total costs associated with the delivery of this commitment?**

- Yes, and willing to publicly disclose the amount
- Yes, and willing to disclose the amount only to the GNR for aggregate analysis and reporting (no public disclosure)
- Yes, but not willing to disclose the amount neither publicly nor to the GNR – confidential (move to Q11)
- No, the amount has not been estimated – unknown (move to Q11)

***Q10a. Please specify the estimated total costs in local currency. We understand that this may be a rough estimate for now, which may change in the progress reporting stage.**

Currency USD Amount 1,000,000

***Q11. Please list the funder(s) and the funding mechanism to cover total costs, further specifying if these financial resources have been secured.**

Funder(s) National budget, Government of [Country]

Funding mechanism Self and public funding

Secured financial resources Total costs have been fully secured

Measurable goals of the commitment

***Q12. Your commitment may have one or multiple measurable goals. A measurable goal is what you are committing to achieve and will be used to track and assess progress made towards the commitment. Please specify how many measurable goal(s) this commitment has.**

- Invest [amount] on nutrition-sensitive interventions and in particular in [sectors]. [If the sectors are not known at this point, you will be asked to report on these during the progress assessment of the commitment.]
- Establish a regulatory body for nutrition
- Increase the national budget dedicated to nutrition.]

Number of measurable goals 5

*Q13. Please specify each of the measurable goal(s) of this commitment. In the questions that follow, we will ask you to provide additional details for each of the goals separately.

- Goal 1 **Reduce stunting**
- Goal 2 **Reduce wasting**
- Goal 3 **Reduce anaemia in women of reproductive age**
- Goal 4 **Expand and strengthen the national coordination mechanism for improved nutrition**
- Goal 5 **Increase the budget for nutrition-specific interventions**
- Goal 6
- Goal 7
- Goal 8
- Goal 9
- Goal 10

Additional details of goal: 'Reduce stunting'

*G1.1. Please choose the type that best describes this commitment goal (for N4G commitments please refer to N4G Commitment-Making Guide):

Example 3: Nutrition commitment by donor organisation

This example captures a commitment with three financial goals made by a donor organisation.

Formulation of commitment

***Q1. Please provide a brief title for this commitment (max 40 characters).**

Invest in nutrition-specific and nutrition-sensitive programmes

***Q2. Please provide the full formulation of your commitment. You may provide all details relevant to your commitment.**

Between 2022 and 2030, the [Name of donor organisation] will invest US\$1.2 billion in nutrition-specific and nutrition-sensitive programmes. Of this, US\$500 million will be spent on nutrition-specific interventions. This includes a commitment of US\$100 million over and above our 2020 spending levels for nutrition and toward the goal of the Nutrition for Growth (N4G) event. Our investment in nutrition-sensitive agriculture programmes will total US\$300 million between 2022 and 2030, of which US\$230 million is over and above our 2020 spending levels. Our investment in nutrition-sensitive health service programs will total US\$400 million between 2022 and 2030, of which US\$200 million is over and above our 2020 spending levels.
